

AGE Beautifully

by Elizabeth Whitaker M.D., F.A.C.S.

Non-invasive For the Body

Our noninvasive services for your body are designed for all of your problem areas. Sculpt stubborn fat, tighten crepey skin, soften stretch marks, smooth cellulite, and get back beautiful hands... all without surgery.

Hand Rejuvenation

Beautiful hands can be yours again! Discoloration from sun damage and volume loss can result in hands that can give our age away. With light based treatment to remove age spots and in office injectables, smoother and younger looking hands can keep your secret!

Nonsurgical Body Contouring

The ice age is over! No side effects of freezing ever again. Laser is the new standard in body contouring. SculpSure® targets the fat cells for permanent fat reduction up to 25% of stubborn fat in 25 minutes! Fast, effective, safe and comfortable. Body contouring at the speed of light!

Skin Tightening (Pellefirm®, Ultherapy)

Radiofrequency energy or ultra sound energy stimulates collagen and elastin for smoother skin and fewer wrinkles. Great for those crepey knees and arms. Ultherapy can also smooth the décolletage and Pellefirm® can also reduce the appearance of cellulite.

Stretch Marks

Finally, there are options for those stubborn stretch marks! Laser energy or microneedling is used to stimulate collagen and elastin to reduce the size and appearance of stretch marks and tighten the skin. Best results with a series of treatments.

Cellulite Treatment

Smooth your cellulite! Radiofrequency energy stimulates collagen and elastin and reduces the irregular appearance of cellulite. Best results are with a series of treatments.

Mommy Makeover

Reduce focal fat deposits. Tighten that tummy. Shrink those stretch marks. Smooth your cellulite. Our nonsurgical mommy makeover combines our state-of-the-art body treatments including SculpSure®, Pellefirm® and Fractional Laser Treatments to help get your body back without surgery or downtime! You deserve it!
